

Behavior Genius Earns 2-Year BHCOE Accreditation Receiving National Recognition for Commitment to Quality Improvement

Ontario, CA – BHCOE Accreditation has recognized Behavior Genius with a 2-Year Accreditation, acknowledging the organization as a behavioral service provider dedicated to continuous improvement in applied behavior analysis. BHCOE Accreditation recognizes behavioral health providers that excel in the areas of clinical quality, staff qualifications and consumer satisfaction and promote systems that enhance these areas. These areas are measured with a wide-ranging audit, including interviews with agency clinical leadership, in-depth on-site observation, a detailed staff qualification review, an anonymous staff satisfaction survey and an anonymous consumer satisfaction survey. BHCOE Accreditation is the only applied behavior analysis (ABA)-specific accreditation. It provides feedback regarding clinical best practices, staff satisfaction and turnover, and consumer protection. Acting as a third-party, the organization systematically measures and reports on existing quality criteria in the behavior analysis community using standardized methods and practices, and accredits only those service agencies that meet these standards.

“At Behavior Genius LLC, we believe that it is every person’s birthright to thrive within their community, to connect with others who are like them, and to collect meaningful experiences that will shape who they will become for the better,” said Founder Portia James. “Earning BHCOE Accreditation reinforces our commitment to deliver direct services that are individualized, goal-oriented, and data-driven. Our ultimate goal is to work collaboratively with our clients to help each individual achieve MORE.”

About BHCOE Accreditation

BHCOE Accreditation is a trusted source that recognizes behavioral health organizations committed to continuous quality improvement. BHCOE offers a third-party measurement system that differentiates and provides independent feedback on clinical quality indicators. The BHCOE criterion features standards that subject-matter experts developed to measure effective applied behavior analysis services. For more information, visit www.bhcoe.org.
